RE: Gosden House Application for Gold Arts Mark Award

To whom it may concern

I am delighted to endorse Gosden House's application for the Gold Arts Mark Award. Shakespeare's Globe has worked in partnership with Gosden House School since 2003. This has been one of the most rewarding creative partnerships we have undertaken in Globe Education. Each year during that 9 year period we have undertaken the development and production of a Shakespeare play with the whole school. This annual project, which employs a range of art forms, has always been a rich collaboration between Globe Education and Gosden House staff.

Gosden House provides a consistently creative and innovative environment for all of its students. The school is the best example (of which I am aware) of the successful integration of the arts and creative learning across the school curriculum.

In addition staff from Gosden House provide training for our Globe Education Practitioners who work with young people with moderate and severe learning needs, while we have been able to help develop the implementation of theatre arts practice across the school. Students on our courses visit the school each year to observe best practice in arts education.

If I can provide any further information for this application please do contact me.

Kind regards,

Fiona Banks
Head of Learning, Shakespeare's Globe
